Itinerary

Luxury Tailor Made Journeys depart on the dates that work for you and feature expert local guides throughout your journey. The itinerary below can be customized to your interests.

DAY 1 ARRIVE FRESNO, CALIFORNIA

Upon arrival in Fresno, you are met and privately transferred to your luxury accommodations, nestled in the rolling foothills at the gateway to Yosemite National Park in time for lunch. This afternoon, join your private driver-guide to explore the Mariposa Grove of Giant Sequoias. Gaze upward at some of the more than 500 mature trees stretching majestically skyward, their trunks exceeding 100 feet or more in circumference; some of these trees are among the oldest living things on earth. Following your tour, return to your hotel.

DAY 2 YOSEMITE NATIONAL PARK | AMERICA'S ENVIRONMENTAL HERITAGE

Encompassing a deep valley set into the massive granite peaks of the Sierra Nevada Mountain Range in Northern California, Yosemite National Park has a majesty that few other places on earth can rival. Cascading waterfalls, ancient giant redwoods and towering rock outcroppings are just a few of the natural features on display. Fresh mountain air, soaring forests, flowering meadows, flowing rivers, melting glaciers and a diversity of flora and fauna all help to make Yosemite an unforgettable experience. Meet your private guide for a full day of exploring the park, including Half Dome and the major waterfalls and rock formations of Yosemite Valley, as well as portions of the high country. Along

the way, your guide points out little-known treasures, off-the-beaten-path trails and the sites that best fit your interests. Break for lunch at the Ahwahnee Hotel, and in the late afternoon, meet John Muir — or rather, an expert historical reenactor of the great naturalist and environmentalist, whose writings helped spur America to protect its natural treasures. Learn about Muir's deep love for the area and his incredible adventures while he lived there, and experience some of his fierce and eloquent advocacy that resulted in the protection of what is now Yosemite National Park.

DAY 3 GRAND CANYON NATIONAL PARK | CANYON HIKE

After breakfast, transfer to the airport for your private charter flight to Grand Canyon National Park. With its staggering dimensions — 277 miles long, up to 18 miles wide and over a mile deep — Arizona's Grand Canyon occupies a special place in the mythology of the American West. Carved out of layers of rock over untold millennia by the mighty Colorado River, the canyon welcomes millions annually who come to descend to its floor, fly over its vast expanse or simply stand on its rim and behold the view. Join your private guide for a hike around the canyon's rim and then descend into the canyon itself on trails little used by other hikers. As you explore, your guide unlocks the history, geology, flora and fauna of this natural wonder, lending an added depth and perspective to everything you see. In the afternoon, stop at the historic lodges and buildings on the canyon rim, including the studio of photography pioneers Emery and Ellsworth Kolb, where you visit a floor of the studio not open to the public. Enjoy lunch at the historic El Tovar Lodge, located right on the edge of the South Rim. In the late afternoon, depart on your private charter flight to Page, where you transfer to Canyon Point and your hotel.

DAY 4 LAKE POWELL | EXPLORING ALONG SHORE

From twisting slot canyons to hanging gardens to lofty peaks and mesas, Lake Powell provides access to some of the most amazing scenery and geologic formations on the Colorado Plateau. Featuring partially submerged canyons, the contrast of the red rock and blue waters is stunning. Enjoy a private excursion in a high-speed powerboat with your private captain on Lake Powell today. With its 2,000 miles of shoreline, the lake offers unlimited opportunities to explore, and the day is yours to enjoy the sun and scenery. Your aquatic itinerary is completely customizable to your tastes: Exercise with a little kayaking on the lake or go ashore and hike to the most photographed geological wonder of the American West, Rainbow Bridge National Monument.

DAY 5 SECRET CANYON | OFF-ROAD ADVENTURE

Meet your private guide for an excursion to secluded Secret Canyon, a slot canyon with high, undulating walls. Your visit includes a guided, private off-road drive through the desert, rolling hills and wash-beds, where you have the opportunity to search for coyotes, foxes, bobcats, owls, hawks and other desert wildlife. After visiting the canyon, enjoy a short walk to Horseshoe Bend Overlook. Take in the various angles and views of the Colorado River as it meanders around a rock promontory, creating the Horseshoe Bend loop beloved by visitors and photographers from around the world. Spend the afternoon at leisure enjoying the amenities and activities offered by your resort.

DAY 6 MOAB | ARCHES NATIONAL PARK

After breakfast, transfer to the airport for your private charter flight to Moab, Utah. Upon arrival, join your guide for a private tour of Arches National Park. Arches features the greatest concentration of natural stone arches in the world, offering spectacular displays of the natural forces of erosion at work. Hit the trails with your guide to discover unusual geologic formations, such as the 60-foot-tall, freestanding Delicate Arch; the Marching Men, seven towers lined in a row in the Klondike Bluffs area; and the Eye of the Whale, a fin-style natural arch that's weathered into Entrada sandstone. After lunch in Arches, continue to Jackson Hole, Wyoming, and drive to the National Museum of Wildlife Art, where a museum docent leads you on a private tour of the galleries and shares insight on the artists and exhibits. The museum collection holds over 5,000 pieces from more than 500 artists. In addition, the museum grounds overlook the National Elk Refuge and the Gros Ventre Range. Transfer to your nearby hotel, which is built into the landscape at an elevation of 7,000 feet and features jaw-dropping views of the Grand Tetons and Snake River range.
